

Support to the Sugar Industry Development Act (SIDA)

ANNUAL REPORT OF 2023 TRAININGS
Extension Services Division, Luzon & Mindanao

By

Joel G. Ronario
OIC-Chief Agriculturist, ESD, L&M

Jerico V. Sandagon
Agriculturist I

INTRODUCTION

The Extension Services Division under Research Development and Extension of the Sugar Regulatory Administration (SRA) is very committed in promoting the competitiveness and advancement of the sugarcane industry amidst global challenges and in improving the productivity and profitability of the sugarcane farmers and farm workers. In relation to this, the SRA conducted various capacity building trainings such as Training on Beneficial Micro-Organism (BMO) Production, Extension Worker Area (EWA) Seminar, Outreach Program for Sugarcane Industry (OPSI) training and Financial Literacy Training (FLT) for Socialized Credit Program (SCP) borrowers, Block Farm members and small sugarcane Farmers/workers.

The purpose of the project was to (1) capacitate small farmers with knowledge and technical skills on SRA new production technology that can help reduce production cost and increase farm productivity and (2) educate them on the hazardous effect of continuously using chemical fertilizers to their sugarcane areas and in the environment.

The project was supposed to generate three outputs: (1) enhanced participants knowledge and technical skills using SRA recommended improved farming technology, (2) imparted appropriate production technologies and advancements on sugarcane production for farmers' adoption, and in the long run (3) reduced farm production cost due to knowledge, skills and adoption of proper work in the fields through the use of Organic fertilizer such as the Beneficial Micro-Organism.

I. CAPACITY BUILDING TRAININGS FOR SMALL SUGARCANE FARMERS AND WORKERS

A. Training on Beneficial Micro-Organism Production

The TRAINING ON BENEFICIAL MICRO-ORGANISM PRODUCTION is one of the trainings funded under the SIDA-RDE and implemented by the Extension Services Division of RDE Luzon and Mindanao. It is a one-day Training with Ten (10) batches per mill district that started in December 4, 2023 and ended in December 22, 2023.

This one-day training course was implemented for Block Farm members and small farmers group of Tarlac, Don Pedro, Balayan, Bukidnon, Davao and Cotabato Mill Districts.

This new production technology is a sugarcane specific type of organic fertilizer, the microorganism was extracted from the sugarcane and efficacy test was done to sugarcane exclusively. The training was composed of two methodologies, (1) discussion and (2) Hands-on demonstration. The discussion focused on the Introduction of BMO technology, history, benefits and its usage while the hands-on demonstration equipped the participants with practical skills and knowledge on the procedure of BMO reproduction. Prior to the conduct of training, the RDE-ESD coordinated with the La Granja Agricultural Research and Extension Center (LAGAREC) of SRA Visayas office for the source of BMO culture solution. Participants were given food, materials such as heavy-duty multi-purpose plastic container, stainless weighing scale, blue plastic drum and molasses. The certificates of completion were given to those who completed the training.

PROJECT ORGANIZATION AND BUDGET ARRANGEMENTS

The project was implemented as part of the support to the Sugar Industry Development Act (SIDA) Accelerated Technology Transfer Program under the stewardship of the Extension Services Division (ESD) for Luzon and Mindanao. The project was supervised by Dr. Marietta Dina Padilla-Fernandez, Chief Agriculturist of Luzon and Mindanao and Mr. Zyrrus P. Montiel, Mill District Officer of Don Pedro and were implemented by the Mill District offices.

The total operating budget for this training in Luzon and Mindanao for FY 2023 is Php. 3,000,000.00 and out of this amount, the total expenditure credited as of December 31, 2023 is Php 1,875,000 that translates to 62.5% budget utilization. For the remaining 37.5% which is equivalent to Php 1,125,000 budget, it will be re-budgeted for FY 2024. The 62.5% budget was utilized in purchasing various materials and in catering services as enumerated in the table below.

Table 1. Budget Utilization of Beneficial Micro-Organism Training for FY 2023

Components	Per Capita Cost	Total Amount for 1,800 Beneficiaries
Heavy duty 20-liter plastic multipurpose container	220/pc	792,000
Stainless weighing scale (5 kg dial spring scale)	750/pc	135,000
Blue plastic drum container (200L capacity)	1,600/pc	288,000
Hauling/transportation of Initial BMO culture to mill districts	30,0000	30,000
Training and seminar on BMO production usage and benefits	350/day/pax	630,000
TOTAL		1,875,000

Ten (10) implementers were considered, namely: 1) CARSUMCO, 2) Isabela, 3) Tarlac, 4) Pampanga, 5) Don Pedro, 6) Balayan, 7) PENSUMIL, 8) Bukidnon, 9) Davao and 10) Cotabato mill districts. However, due to the lack of logistics and conflict on the Crop Planting Calendar and time of application of BMO solution to sugarcane, the trainings for CARSUMCO, Isabela, Pampanga and PENSUMIL were not conducted. In total, 1,800 participants were trained for the sixty (60) batches of trainings conducted. The members of Block Farm association were identified as target participants. Listed below are the following implementers conducted the said training with corresponding number of batches, number of participants and dates of training conducted.

Table 2. Conducted Training on Beneficial Micro-Organism Production for Small Sugarcane Farmers/Workers

MILL DISTRICT	DATE OF TRAININGS CONDUCTED	NO. OF BATCHES	NO. OF PARTICIPANTS
Tarlac	December 12-14 & 19-20, 2023	10	300
Don Pedro	December 11-13 & 19-22, 2023	10	300
Balayan	December 18-22, 2023	10	300
Bukidnon	December 4-8, 2023	10	300
Davao	December 18-22, 2023	10	300
Cotabato	December 12-14 & 19-21, 2023	10	300

For the remaining four districts namely: 1) CARSUMCO, 2) Isabela, 3) Pampanga and 4) PENSUMIL, the training on Beneficial Micro-Organism production was scheduled for FY 2024.

ISSUES AND CONCERNS

A couple of major issues affected project implementation, thus leading to some activities not being completed during the project term.

1. The source of BMO culture solution is at LGAREC resulting to difficulty in transporting the solution to Luzon Mill Districts.
2. Since the solution contained living microorganisms, it needs to be transported immediately otherwise the potency of the solution will decrease and eventually die.
3. The schedule of 10 batches training coincides with other trainings.

It is recommended that the following should be done to improve the rate of implementation of future projects:

1. To store and reproduce BMO culture solution at LREC for Luzon Mill District offices.
2. To discuss properly the importance of proper storage and usage of BMO solution to the farmers.

B. EXTENSION WORKER AREA

The EXTENSION WORKER AREA (EWA) SEMINAR is a project under the SIDA-RDE Capacity Building of sugarcane farmers, workers and technical personnel of ESD Luzon and Mindanao. It is a two-day training with three batches per mill district that started May 9, 2023 and ended in December 28, 2024.

This two-day training course was implemented for sugarcane farmers and farm workers of CARSUMCO. Isabela, Tarlac, Pampanga, Don Pedro, Balayan, PENSUMIL, Davao, Bukidnon and Cotabato Mill Districts.

PROJECT ORGANIZATION AND BUDGET ARRANGEMENTS

The project was implemented as part of the Support to the Sugar Industry Development Act (SIDA) Capacity Building for Sugarcane Farmers, Workers and technical Personnel of ESD (Luzon and Mindanao). The project was supervised

by Dr. Marietta Dina Padilla-Fernandez, Chief Agriculturist of ESD Luzon and Mindanao and were implemented by the Mill District Offices.

The total operating budget for this seminar in Luzon and Mindanao for FY 2023 is Php. 1,228,000.00 and out of this amount, the total expenditure credited as of December 31, 2023 is Php 1,207,000.00 that translates to 98.29% budget utilization. The 98.29% budget was utilized in purchasing training materials/supplies and in catering services.

Ten implementers were considered, namely: 1) CARSUMCO, 2) Isabela, 3) Tarlac, 4) Pampanga, 5) Don Pedro, 6) Balayan, 7) PENSUMIL, 8) Bukidnon, 9) Davao and 10) Cotabato mill districts. However, due to the conflict of schedule in trainings, Cotabato Mill District conducted only two batches while the Don Pedro and Davao Mill Districts requested for additional batches of training as needed by their participants. A total of 1,155 participants were capacitated for 33 batches of training conducted as shown in the table below.

Table 3. Conducted Trainings on Extension Worker Area for Small Sugarcane Farmers/workers and BF members

MILL DISTRICT	DATE CONDUCTED	NO. OF PARTICIPANTS
CARSUMCO	July 7-8, 2023	35
	Sept. 4-5, 2023	35
	Sept. 6-7, 2023	35
ISABELA	August 29-30, 2023	35
	August 31-September 1, 2023	35
	Oct. 24-25, 2023	35
TARLAC	May 18-19, 2023	35
	August 2-3, 2023	35
	Dec. 27-28, 2023	35
PAMPANGA	June 29-30, 2023	35
	July 12-13, 2023	35
	August 23-24, 2023	35
DON PEDRO	Nov. 28-29, 2023	35
	Nov. 30-Dec. 1, 2023	70
	Dec. 4-5, 2023	35
BALAYAN	May 9 and May 11, 2023	35
	Sept. 20-21, 2023	35
	Oct. 11-12, 2023	35
PENSUMIL	July 6-7, 2023	35
	Sept. 27-28, 2023	35
	Oct. 20, 2023	35
DAVAO	Nov, 27, 28 and 29, 2023	105
	Dec. 5, 6 and 7, 2023	105
BUKIDNON	Oct. 16-17, 2023	35
	Oct. 18-19, 2023	35
	Oct. 23-24, 2023	35
COTABATO	Sept. 22 and Sept. 23, 2023	35
	Sept. 28 and Oct 11, 2023	35

C. OPSI-FLT for SCP Borrowers

The Outreach Program for Sugarcane Industry and Financial Literacy Training for SCP borrowers is one of the projects funded under the SIDA-RDE and Corporate and implemented by the Mill Districts of Extension Services Division of RDE Luzon and Mindanao. It is a three-day training that started in July 4, 2023 and ended in December 7, 2023.

This three-day training course was implemented for SCP borrowers of CARSUMCO, Isabela, Tarlac, Pampanga, Don Pedro, Balayan, PENSUMIL, Davao, Bukidnon and Cotabato Mill Districts. However, due to the smaller number of SCP

applicants and coincide schedule various trainings, Pampanga, Don Pedro, Davao and Cotabato Mill District were not able to conduct the training.

PROJECT ORGANIZATION

The project is part of the Support to the Sugar Industry Development Act (SIDA) and supervised by Dr. Marietta Dina Padilla-Fernandez, Chief Agriculturist of ESD Luzon and Mindanao. This three-day training was implemented by the Mill District Offices of Luzon and Mindanao.

This project was funded under the SIDA and Corporate Budget. The total operating budget under SIDA for this project in Luzon and Mindanao FY 2023 is Php. 400,00.00 and out of this amount, the total expenditure credited as of December 31, 2023 is Php 164,785.66 that translates to 41.20% budget utilization. On the other hand, the corporate budget for SCP borrowers training is Php 521,500.00 and out of this amount, the total expenditure credited as of December 31, 2023 Php 441,811 which is equivalent to 84.72% budget utilization. The 41.20% and 84.72% budget was utilized in purchasing training materials/supplies and in catering services. Listed below are the mill districts conducted the trainings with corresponding number of participants, date conducted and fund source.

Table 4. Conducted Trainings of OPSI-FLT for SCP Borrowers

Mill District	Date Conducted	No. of Participants/ Resource Speakers	Fund Source
CARSUMCO	September 27-29, 2023	31	COB
	October 4-6, 2023	30	COB
ISABELA	July 11-13, 2023	43	SIDA-RDE
TARLAC	November 22-23, 2023	4	COB
BALAYAN	August 2-4, 2023	30	SIDA-RDE
	December 5-7, 2023	35	COB
PENSUMIL	November 28-30, 2023	48	COB
BUKIDNON	July 4-6, 2023	100	SIDA-RDE
	November 22-24, 2023	100	COB

For the remaining Mill Districts who were not able to conduct the trainings, it will be schedule for the FY 2024 as the remaining budget was re-budgeted for 2024.

ISSUES AND CONCERNS

A couple of major issues affected project implementation, thus leading to some activities not being completed during the project term.

1. For PENSUMIL District, there is no available free-venue for the conduct of the training.
2. For Tarlac and Pampanga Mill Districts, there are only few SCP applicants.

It is recommended that the following should be done to improve the rate of implementation of future projects:

1. Re-budgeted of the 2023 PPMP was done to have budget allocation for the venue.
2. Information caravan about the Socialized Credit Program was done to encourage more SCP applicants.

D. BF OPSI-FLT

The Extension Services Division has been capacitating Block farm members through the conduct of various trainings such as Outreach Program for the Sugarcane Industry (OPSI), Financial Literacy Training (FLT), Grassroots Leadership Training and Basic Accounting for non-accountant's block farm officers. The objective of this training was not only to improve the knowledge and skills of the block members, but to also to develop their financial and leadership capabilities. For FY 2023, a total of 20 trainings and seminars with 691 participants from various mill districts were conducted. (See tables below)

Table 5. Conducted Trainings for BF personnel

SIDA GAA	Trainings/Seminars	Number of Block Farms	No. Participants Attended	Date Conducted
2022	Retooling workshop for BF Agriculturists	--	40	March 7-9, 2023
	Validation of Block Farm prior for Accreditation	4	120	March 21-23, 2023
2022	Grassroots Leadership Training	12	30	June 13-15, 2023
2022	Basic Accounting for Non-Accountant Block Farm Personnel	--	30	December 19-21, 2023

Table 6.

Conducted OPSI Trainings for Block members

2023	Cotabato	Sinakulay Sugarcane Farmers Association	FLT	30	October 25-26, 2023

II. CAPABILITY BUILDING TRAININGS FOR ESD PERSONNEL/STAFF

A. Orientation/Seminar for Newly Hired COS Agriculturist

On February 20-22, 2023, at LAREC, Floridablanca, Pampanga, orientation-seminar was organized and conducted as an inception meeting for the newly hired contract of service (COS) to have an effective and productive workforce of SRA. There were forty (40) participants from various SIDA projects, Factory Services Division, Agricultural Bio System and Engineering Division, Sugar Laboratory and Extension Services Division. This orientation-seminar helped them implement the various Corporate and SIDA programs/projects/activities in their respective mill districts offices. The objective was to introduce COS to their new workplace by presenting the basic organizational rules and regulations, and provide accurate information which could make them more effective and efficient in performing their duties and responsibilities. During the seminar, teambuilding exercises were provided to help them develop the culture of teamwork, encourage communication, strengthen accountability as roles and responsibilities in every situation are classified thus, making them more efficient team players. The orientation-seminar were composed of various presentations from invited resource speaker to provide a multi-angle background and reliable information for the work to be undertaken by the newly-hired COS. At the end of the orientation seminar, the participants have a broader perspective about the SRA's goals, values, plans, and the way it does business and are now ready to take part and be one with the organization.

B. Trainers Training on Beneficial Micro-Organism

The Extension Services Division continuously capacitating their personnel/staffs by conducting a training about the new and improved production technology to address the uncontrollably increase in cost of production and hazardous effect in the environment by using chemical fertilizers and pesticides. One way in addressing this problem is through the use of Beneficial Micro-Organism, a type of microbes that provides abundant nutrient and minerals to the plants. On September 6-7, 2023, the training unit of Extension Services Division conducted the Trainers Training on Beneficial Micro-Organism at LAREC, Floridablanca, Pampanga. This training was led the by the Chief Agriculturist of ESD, Luzon and Mindanao, Dr. Marietta Dina Padilla-Fernandez and was assisted by Maris Tiu, Training Staff and Jerico Sandagon, Agriculturist I. This 2-day training with twenty (20) participants from the Mill District Offices of Luzon and Mindanao was composed of two methodologies, 1) Discussion and 2) Hands-on Demonstration. The Resource Speaker for this training was Ms. Maria Theresa D. Alejandrino from Sugar Regulatory Administration, La Granja Agricultural Research and Extension Services Center, Negros Occidental. At the end of the training, participants were equipped with knowledge and skills about the Beneficial Micro-Organism Production and was ready to share and apply to the small sugarcane farmers of their respective Mill District Offices.

C. Training on Leadership cum Team Building for Luzon and Mindanao ESD personnel

To enable SRA's staff to continuously imbibe and foster its corporate's core values that includes patriotism, integrity, excellence, spirituality, professionalism and accountability, the Extension Services Division (ESD) for Luzon and Mindanao knows the importance of continuously capacitating the leadership skills of its staffs. In relation to this, the ESD together with the International Institute of Rural Reconstruction (IIRR) organized a 3-day live-in training on October 9-11, 2023 Leadership cum Teambuilding for Extension Services Division for thirty-five (35) Luzon and Mindanao personnel.

D. Retooling for COS personnel of ESD Luzon and Mindanao in preparation for NC II assessment in sugarcane production

The Extension Services Division is very committed in endlessly capacitating their personnel through various capacity building to adapt in continuously ever-changing needs of our stakeholders. With this, the ESD partnered with TESDA to conduct a Retooling for COS personnel of ESD Luzon and Mindanao in preparation for NC II assessment in sugarcane production on August 14-18, 2023 at LAREC, Pampanga with fifty-five participants from Luzon and Mindanao and SRA Quezon City office.

CONCLUSION

Throughout the years, the Extension Services Division under the Research Development and Extension of the Sugar Regulatory Administration is very committed in improving and capacitating our small sugarcane farmers/workers and its personnel to adapt in the ever-changing needs of the industry. As the modern agriculture continuously operate in a volatile, complex and uncertain way, it is necessary for the organization to invest in various capability building trainings to maintain a competitive edge in these competitive global challenges. The active participation and positive response of the farmers underscore the vital role of this various trainings in empowering agricultural communities and the farmers as individual. In order to meet the needs of the people today without compromising the ability of the future generations to meet their own needs, it is very important that the we should continuously nurture our farmers.

OUTREACH PROGRAM FOR THE SUGAR INDUSTRY (OPSI)

To speed up the transfer of new technologies to our sugarcane farmers, a collaborative effort between research and extension gave birth to a delivery system called OPSI.

Since 1989, OPSI (Outreach Program for the Sugar Industry) has continuously provided in-house and in-field training opportunities to thousands of people in the sugar industry – planters, farm managers, overseers, workers, millers, teachers, students and members of cooperatives. After 34 years, 152 batches were already conducted with 5,615 graduates.

The seminar intends to provide participants with adequate start-up knowledge on sugarcane farm management and to strengthen their skills in sugarcane production. The 3-day live-in seminar comprises of lectures backed with multi-media presentations, practical exercises, field activities, and group discussions.

CORPORATE FUNDED

IN HOUSE-OPSI	DATE CONDUCTED	Number of participants
Batch 150	July 18-20, 2023	35

The TDTU is also in-charge in the reproduction of Sugarcane Production Manuals and information materials. For 2023, two hundred Sugarcane Production Manuals was produced and given to OPSI participants. Reproduction of information materials on BMO, soil sampling, rapid propagation, new high yielding varieties, trichogramma, Ilonggo and Cebuano Komiks on Sugarcane production and a total of 14,286 brochures were distributed to the different mill districts of Visayas.
