Provision of Farm Machineries and Equipment to SIDA Block Farms

The provision of Agricultural Machineries to small sugarcane farmers is one of the interventions provided by the Sugar Regulatory Administration under the Sugarcane Industry Development Act (SIDA Law). The implementation of the said provision has greatly benefited the small and marginal farmers of the sugarcane industry to increase their farm productivity, reduce the input cost of production and ensure that the farmers get maximum returns from their land. To support mechanization, farm machineries and equipment's such as ripper, STW Irrigation Sets, Farm Tractor with Implements and sugarcane grabber/loader were made available to 2016, 2017, 2018 and 2019 SIDA GAA Block Farms.

The following farm machineries and equipment were distributed to the various block farms of Luzon & Mindanao from January to November, 2020.
